WHAT IS IT

LIFE for **"PROBIO NUTRITION"**.

Highly concentrated and bioavailable live yeast associated with inactivated yeast from *saccharomyces cerevisiae*. Enriched with Vit. A, D, E, and group B.

BENEFITS APPROVED

- Stimulates ruminal flora, promoting lactate utilization and decreasing ruminal acidosis.
- Improves the buffering effect of the rumen.
- Increases milk ingestion and milk production.
- Improves intestinal health through MOS.
- Improves fertility.
- Normocalcemia.

HOW TO USE IT

From 50 to 100 gr/head per day depending on milk production and type of rationing. Follow the indications of our technical service.

WHAT IT CONTAINS

Yeast inactivated by *saccharomyces cerevisiae*, MOS (Mannan oligosaccharides (MOS) and β -glucans arrive unharmed in the intestines of animals that ingest them and are able to perform biological functions very interesting for **intestinal health**. MOS also have a positive action towards the immune system, an antioxidant action and generally improve the integrity of the intestinal mucosa).

Highly bioavailable vitamins A, D, E.
